

# All Federal Workers and Retirees

## HEARING AIDS with NO out of pocket expenses

Due to a recent surge in insurance activity, a lot of people were told that in the Birmingham area there are no Preferred Providers, when hearing aid inquiries were made. This is not true, **we are a Preferred Provider** as are other companies, and you may have hearing aid benefits if you are on a Federal Government-wide Service Benefit Plan with enrollment code #104 or #105 -- then you may be entitled to hearing aids with no out of pocket expense.

### You're Covered

Government Insurance		
Federal Employee Program
